August 2007 - July 2008

# Modern Pools, Inc.

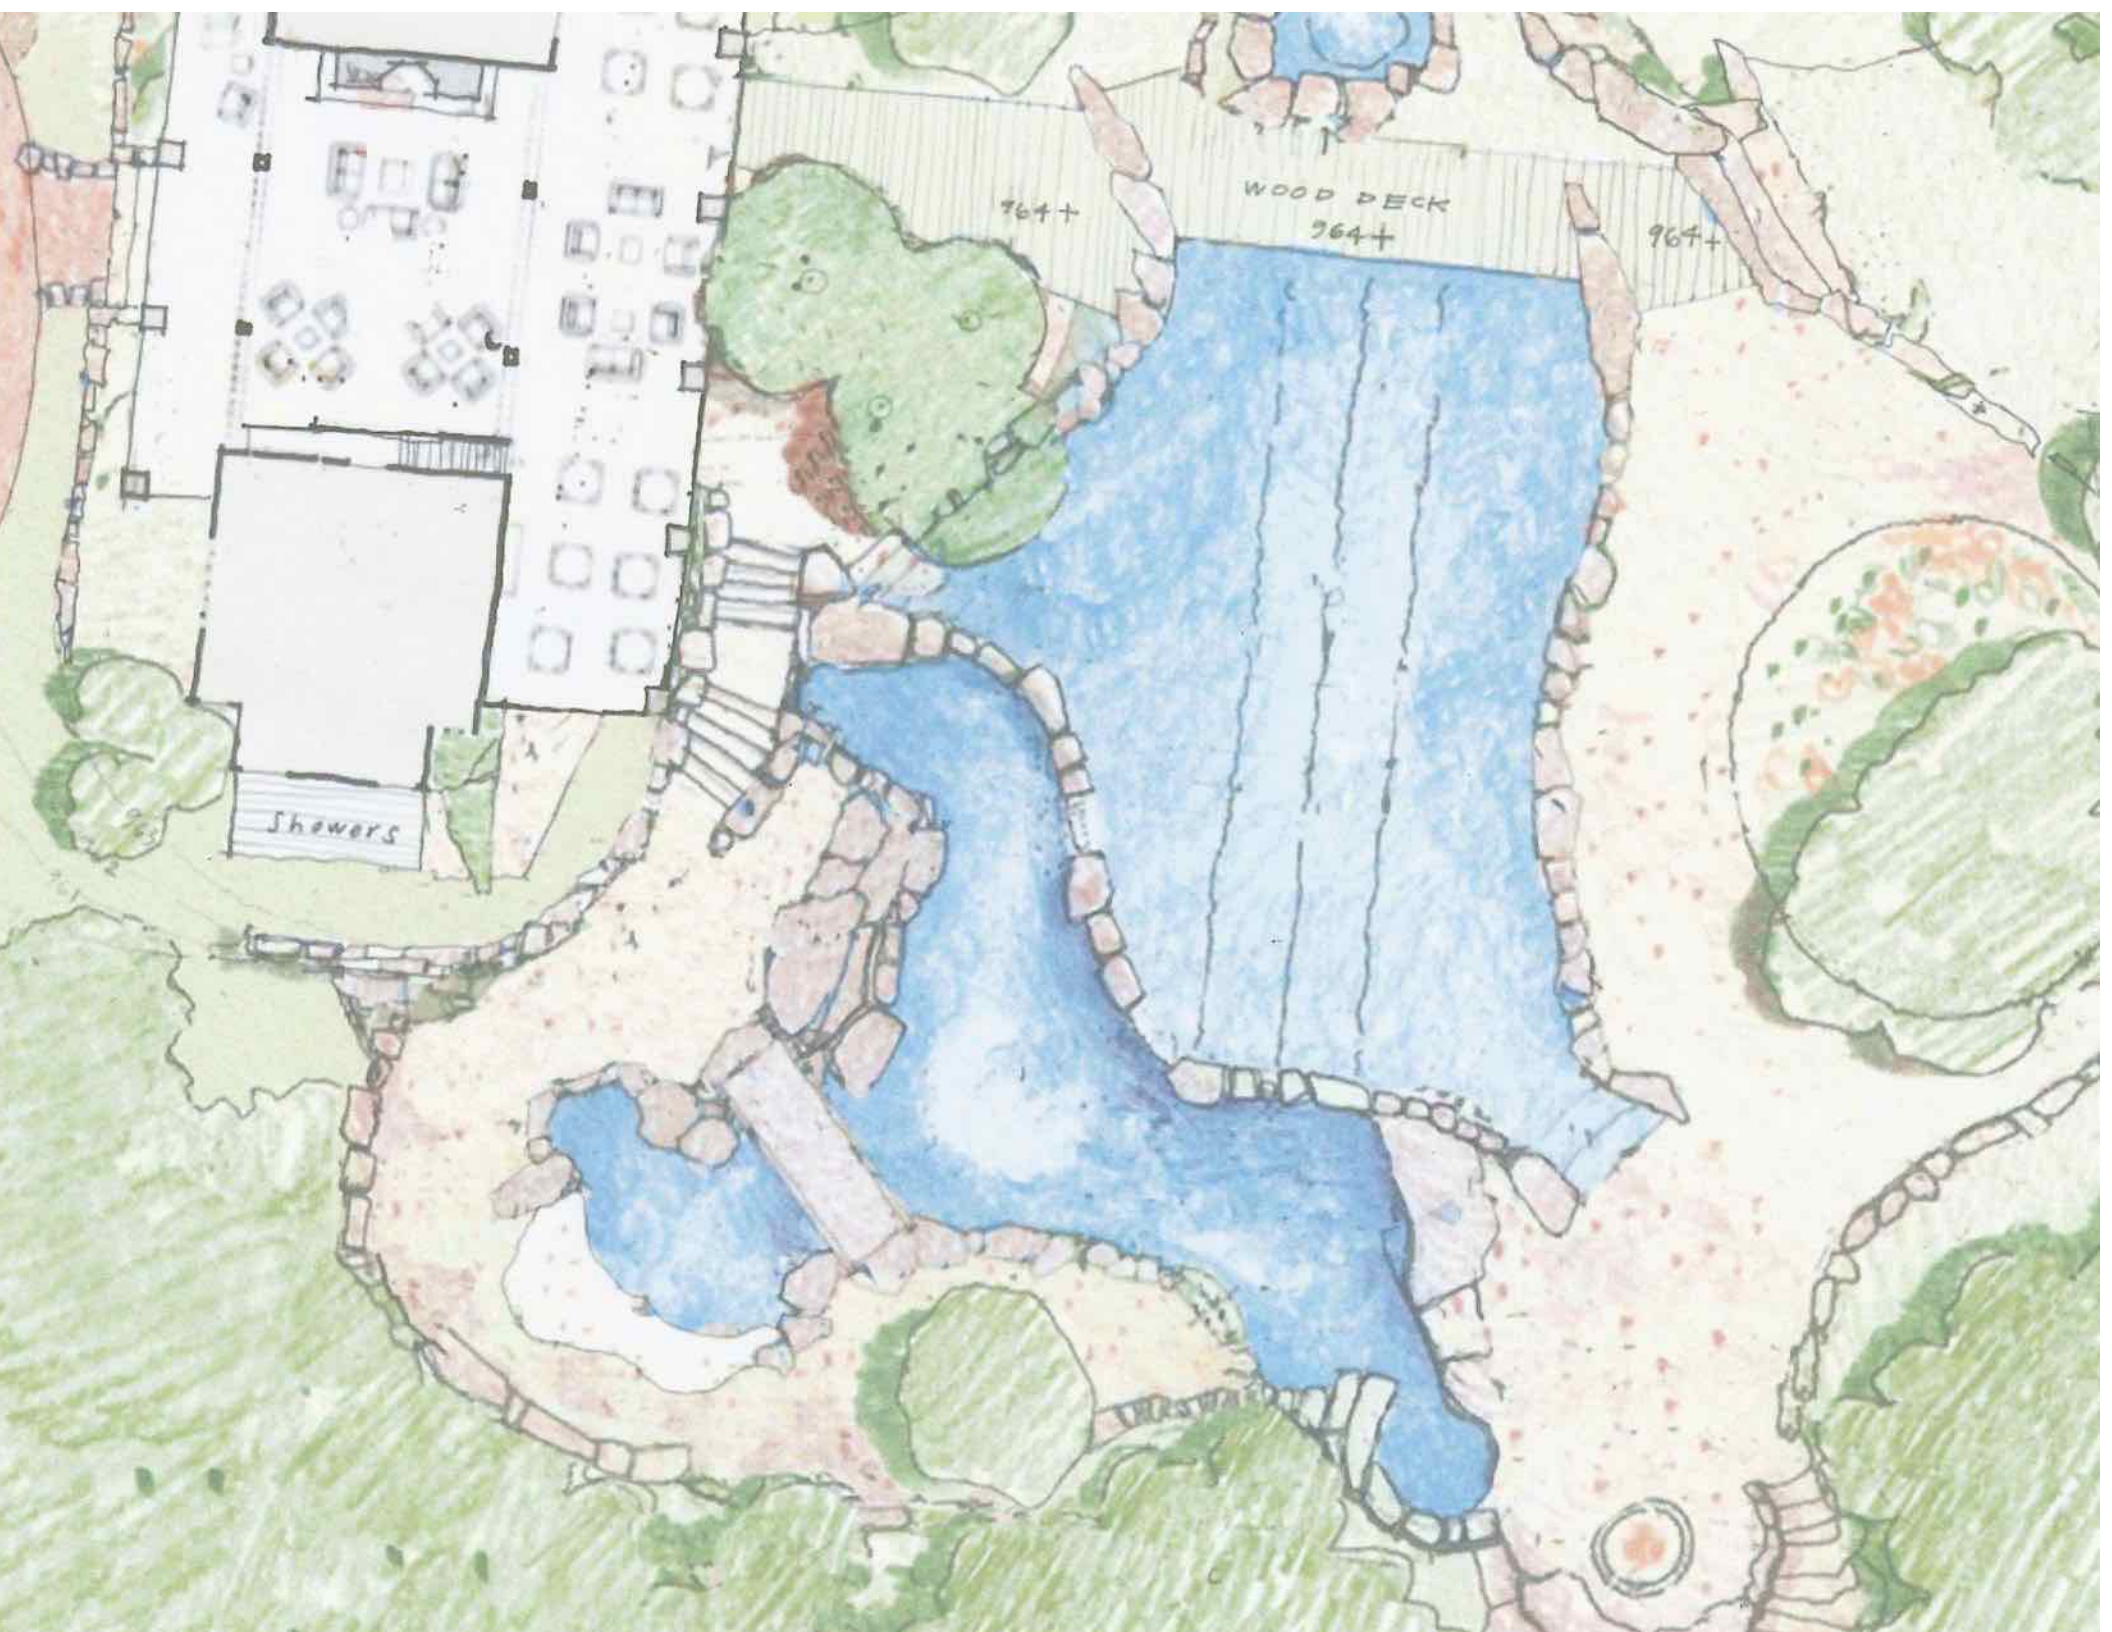

## Lodge Pool Construction

modern design+build & modern pools, inc. offer a complete range of architectural design, engineering and construction services to our clients. We excel at design & construction of water features, swimming pools, unique residential homes and resort style amenities in both residential and commercial applications. By working in symphony with our clients from initial concept to final implementation, we strive to achieve innovative structures that will endure generations.
